Dear Valued Client:

The 2022 tax season is upon us. With the passing of the Inflation Reduction Act, the Internal Revenue Service (IRS) will be receiving 80 billion dollars in additional funds. Part of these funds will be used to hire 87,000 additional workers. With many of new hires being in areas of COLLECTION and ENFORCEMENT.

To help combat the increased efforts of the IRS, we are proud to offer our client's an outstanding Audit Protection program, with 3 different memberships available, reasonably priced. We have enclosed a brochure of the benefits of this protection. Our fees this season will include the cost of the Audit Protection Program. More details available on our websites.

Our two companies will again service our clients, with both companies operating in New York and Pennsylvania, with IRS Resolution work being done solely by All County Tax Resolution. Visit our websites for the most updated tax information.

In October of 2022, we purchased our own building, located at 569 Easton Tpke located in Lake Ariel, PA just a half mile from our old location.

To ensure safety to both our clients and staff. In person consultations will be very limited. We are offering consultation by phone or zoom, call our office if you need to schedule a time.

We are offering the following services:

A remote service with a Secured Portal, Email, Fax, Mail and Drop-Off. Our offices have drop off slot in door to limit contact.

We have posted helpful information to our website for this year's taxes. Some of the information posted is: tax organizer, a withholdings calculator (W4) and a year end news letter and more.

Sincerely,

Bruce & Kathleen
